**Local Construction Teams Honored for Winning MBA Building Excellence Awards**

*Projects Recognized at The Construction Industry Evening of Excellence*

Pittsburgh, PA – The Master Builders' Association (MBA) announced the winners for the 2010 MBA Building Excellence Awards competition held during the fourth annual "Construction Industry Evening of Excellence" on Thursday, February 24, 2011, at the Heinz Field East Club.

Presented by the MBA, this event attracted more than 800 professionals who contribute to the quality of construction in Western Pennsylvania.

Highlighting the evening's festivities was the presentation of the 2010 MBA Building Excellence Awards. Presented annually, the Building Excellence Awards are the highest and most sought-after commercial construction industry awards in our region. This year's awards competition was unique in that for the first time ever a tie occurred, resulting in two projects winning in one category. Also, this year was special for another reason – two contractors received the award for the first time ever. The winning teams honored tonight were:

**Best New Construction Over \$10 Million**
