ABOUT US

Rebuilding Together Pittsburgh

is a non-profit organization dedicated to keeping low-income elderly and disabled homeowners living in warmth, safety, independence, dignity, and decency through home repair and rehabilitation.

Rebuilding Together Pittsburgh assists elderly individuals living in Allegheny County. They are people who have worked hard to maintain their homes in the past, but have become physically frail and financially unable to continue with the upkeep of their homes. Many of the homes have deteriorated to the point of being extremely unsafe and unlivable.

Together we can ensure that some of the region's most vulnerable homeowners can remain in affordable and safe housing.

Rebuilding Together Pittsburgh began our operation in 1993 under the leadership of Master Builders' Association. Since that time we have:

- Provided emergency services and renovation assistance to over 1,300 low-income homeowners.
- Invested more than \$7.5 million dollars in free services serving those in need.
- Allowed 18,000 individuals to provide more than 200,000 hours of volunteer service to the community.

Please join us for a day on the greens to benefit
