**The Master Builders' Association's 125<sup>th</sup> Anniversary to be  
Recognized in Harrisburg & Pittsburgh**

Pittsburgh, PA – The Master Builders' Association of Western Pennsylvania is proud to announce its 125<sup>th</sup> anniversary. Established on March 19, 1886, the MBA has enhanced the quality of life in our region by constructing the structures that our region utilizes on a daily basis.

This landmark anniversary will be honored in Harrisburg and in Pittsburgh. Here are the details:

This Monday, March 7, during the House of Representatives Legislative Session, members of the MBA will be present as House Resolution 53 is adopted. To view this resolution [click here](#).

HR 53 prime sponsor, State Representative Matt Smith had this to say about the MBA: “What I find most impressive is despite such a distinguished history, the MBA recognizes the need for innovation and changing with the times. As one of our region’s leading promoters of green building and construction, the MBA leads by example with the construction of its LEED gold rated headquarters in 2009. It is a pleasure to work with fellow advocates for family-sustaining jobs and new technologies which are economic engines for our region.”

Then on Tuesday, March 15, Pittsburgh City Council will present the MBA with a proclamation and refer to the March 19 anniversary date as Master Builders Day in Pittsburgh.

**About the MBA:** Since 1886, MBA contractors have set the standard in Western PA for construction excellence by investing in a skilled workforce, implementing award-winning safety programs and offering the best in management expertise. For more information on the MBA, please call 412-922-3912 or visit [www.mbawpa.org](http://www.mbawpa.org).
