

REGIONAL

NSC Northeast Conference & Expo

Pittsburgh, PA

May 1-3, 2019

David L. Lawrence Convention Center

New
Event!

The **National Safety Council** would like to invite the **Master Builders' Association of Western Pennsylvania** to join us at the **2019 NSC Northeast Conference & Expo**. If you are an experienced safety professional or just looking to improve safety in your organization, you will find plenty of educational and networking opportunities and the chance to explore new products on the expo floor.

Pre-Conference Professional Development Seminar*

Wednesday, May 1

EARN
CEUs

200: Incident Investigation: Root Cause Analysis

The NSC one-day Incident Investigation course focuses on techniques for gathering complete, accurate and objective incident data, establishing root causes, reporting findings and determining corrective action.

Expo Floor

Thursday, May 2 & Friday, May 3

Meet with over 100 exhibiting companies offering the latest innovations in safety.

Opening Session

Thursday, May 2
**Safety – It's a
Wonderful Life**

This session celebrates those responsible for the safety of others and reminds them of the profound effect they have on people's lives. Just like in the movie *"It's a Wonderful Life,"* safety professionals don't always get to see the impact they have on others' lives by preventing accidents and injuries.

Dale Lesinski
QSSP, Vice President
Dival Safety Equipment

Technical Sessions

- Workplace Violence – What Really Happens
- Hang Up and Drive
- Navigating Changes in Fall Protection Regulations and Standards
- Hardwired Inhibitions: Hidden forces that keep us silent in the face of disaster
- Leapfrogging from Compliance to Culture

HOT
TOPICS

* Professional Development Seminars require an additional fee.

Congratulations to the "Evening of Excellence" Winners.
We hope to see you in May.
